

FESTIVAL OF LIGHTS 20-24 2024 ZAGREB

Povodom **Sata za planet Zemlju**, jedan od najvećih globalnih pokreta za okoliš, na ovogodišnjem Festivalu svjetla Zagreb će se u subotu, 23. ožujka, u 20:30h na 15 minuta ugasiti sve svjetlosne instalacije. Sat za planet Zemlju nudi trenutak za solidarnost i priliku da brinemo jedni o drugima, kao i o jedinom domu koji svi dijelimo.

On the occasion of **Earth Hour**, one of the most prominent global environmental movements, at this year's Festival of Lights Zagreb, on Saturday, 23 March at 8:30 p.m., all lighting installations will turn off for 15 minutes. Earth Hour offers a moment of solidarity and an opportunity to look after each other, as well as after the home we all share.

Za vrijeme održavanja Festivala svjetla Zagreb, od 20. do 24. ožujka, u periodu od 18:00 do 23:00 sata, moguće je preusmjeravanje prometa na pojedinim centralnim lokacijama Festivala. Organizatori upozoravaju na moguće gužve te sugeriraju korištenje javnog prijevoza.

Molimo da ne dirate instalacije. Ulaskom na Festival suglasni ste da možete biti fotografirani i/ili snimani od strane trećih osoba. Organizator zadržava pravo izmjene programa.

Please do not touch the installations. By entering the Festival you agree to be photographed and/or filmed by a third party. The organizer reserves the right to change the programme.
